Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species:

 $\bigcirc$  Yes, on the development site

 $\hfill \bigcirc$  Yes, on land adjacent to or near the proposed development

🖲 No

b) Designated sites, important habitats or other biodiversity features:

Q Yes, on the development site

Q Yes, on land adjacent to or near the proposed development

🖲 No

c) Features of geological conservation importance:
