Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address:

**7 St Katharine's Precinct
London
NW1 4HH**

Proposal:

Provision of security bars to two rear ground floor windows and reinforcement of back door
Drawing Nos: Scan 385 (existing condition), 383 (location plan), 388 (final detail), 384
(design and access statement), 386 (grille elevation), 387 (grille elevation)

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Scan 385 (existing condition), 383 (location plan), 388 (final detail), 384
(design and access statement), 386 (grille elevation), 387 (grille elevation)

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 4 Notwithstanding the design and access statement, a proposal to replace the back door has been removed from the scheme and the existing fabric will instead be reinforced.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is a Gothic house of 1828 by Poynter, listed grade II* and making a positive contribution to the Regents Park Conservation Area.

In response to a break-in, the applicant wishes to install bespoke metal grilles over two ground-floor rear windows. The grilles will be fixed to the window surrounds using screws, as opposed to being chased in, so the harm to fabric will be minimal and reversible.

Notwithstanding the design and access statement, a proposal to replace the back door with a new one has been removed from the scheme and the existing fabric will instead be reinforced.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the grade-II*-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. Historic England has issued a letter of flexible authority which has been ratified by the secretary of state. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
