Subject: 4B Hampstead Hill Gardens,NW3 2PL

Dear Sirs – I am writing with regard to the planning application for 4B Hampstead Hill Gardens,NW3 2PL. I reside at [REDACTED] Hampstead Hill Gardens and have done so for the past 11 years during which time I have experienced more and more problems with regard to parking. Not only does do we have the Royal Free Hospital close by but also Hampstead Hill school is 100 yards away. Visitors to the hospital and

parents of children at the school invariably park wherever they can in the road; sometimes I have to double park with my hazard lights on for over 30 minutes until I spot a parking space!

Thus I object to the fact of this application based upon two factors. Firstly the impact of traffic and parking will be immense especially with regard to the demolition and rebuilding work. Builder's vehicles, suspended parking bays, skips etc will create even more chaos and it should be noted that 4B Hampstead Hill Gardens is situated close to the bend in the road which is already a problem with cars cutting through from Pond Street to Rosslyn Hill at great speed. Secondly my other objection relates to the size and design of the application. It constitutes an OVER DEVELOPMENT of the existing house and includes a very deep basement which will be injurious to surrounding homes.

I hope this email will be taken into consideration.

Yours faithfully
