2019/6018/L	Camden Town CAAC	31/01/2020 13:48:20	COMMNT	Whilst the CAAC has no objections to what is being proposed we do have concern that the basement window framing at the cill may not provide adequate noise reduction and additional details should be provided to offer reassurance that this will not be the case. The siting of the Sonair units is sensitive and to be welcomed.
