[REDACTED]

Please take this as my formal opposition to the above (see email subject) in case Tom has not logged the below email. (I have not had a response so I assume he has not done so.)  
Also you should know that the "proposal details" link you sent in your letter, does not work. Very poor.  
Please respond that you have received my opposition even though I know that it will not be seriously considered.  
Kind regards, Leanne
