

REDINGTON FROGNAL ASSOCIATION
Umbrella body for residents groups in the Redington Frogmal Conservation Area

To Camden Borough Planning

Dear Ms Quigley,

2019/5927/P Flat 3, 37 Platt's Lane - objection

Redington Frogmal Association objects to this application for a rear extension at 1st / 2nd floor height. The proposal will cause design harm to our consistent properties at the rear and continue privacy issues for other flats in the property.

The original conservatory at 1st Floor of this property had been erected contrary to many rear extensions objectives of the Conservation area. The many privacy concerns of other flats in this building had been overlooked and disregarded.

The new proposed alterations have not remedied the above issues and have increased their prominence in scale and design. The proposals are contrary to all design aspirations of the local community(conservation Area appraisals) and the neighbouring flats in this building.

Please refuse this application, on behalf of our community.

Best Regards

 - for Redfrog Association
