2020/0006/P	Linus Rees	10/02/2020 08:58:59	OBJ	<p>Our association strongly objects to this application. The proposal for a terrace facing homes in Scala street will negatively impact on residents amenity and privacy. Residents will be overlooked and there is a likely to be noise nuisance from people using the terrace. The existing building has been designed with the structure set back and angled away from other properties. The alterations would undermine this design which mitigates the effect of the bulk of the building. For these reasons the application should be refused.</p>
