2019/5398/P	The Heath & Hampstead Society	12/02/2020 17:08:30	OBJ	OBJECTION From: THE HEATH & HAMPSTEAD SOCIETY

This application proposes a massive rear extension not only 2 stories in height but also for the full width of the existing terrace house.

The extension also projects too far into the existing garden drastically reducing its size.

The existing terrace house (no.12) and all the houses to the south from no.14 onwards all have no rear extensions. The neighbouring house no.10 has a typical Victorian rear extension that is not the full width of the house and is set back from the side boundary to allow light into the extension and the main rooms of the house of no.10.

The large two storey height and length of the proposed extension and built on both boundaries will cut out light from both nos.10 and 12 and is not acceptable, particularly the light loss to the windows in the Victorian extension of no.10.

Please refuse this massive extension.
