To whom it may concern,

[REDACTED]

I write to object to the application to fell the Ash tree at 30 Belsize Park to ground level. The Ash tree is part of a mature and diverse garden which provides considerable visual amenity and habitat for different birds, squirrels and insects. The Ash tree has already been deeply cut back under application 2018/5075/T.

Kind regards,

Naa Aku Jaatma.
