Dear Tree officers and planners,

[REDACTED]

List 565

2020/0646/T

I have read the arboricultural and tech reports, and appreciate the subsidence both to the front of the property and the garden walls. However, these trees are significant in Highgate Road, together with those of the neighbouring properties.

Personally, I would prefer that they could be crown reduced and not felled, but if you decide that they must be felled, then could they be replaced by slow growing trees that are well maintained?

[REDACTED]

Thank you,  
Eileen Willmott
