2020/0432/T	David Gowers	17/02/2020 11:27:29	OBJ	<p>The application form has been incorrectly completed.</p> <p>It has been recorded that none of the trees where intended works are to be carried out, are covered by a Tree Preservation Order (TPO). This is incorrect and the Planning Department are well aware of this.</p> <p>In addition, it has been recorded that where the intended tree works are to be carried out, is in a Conservation Area. This is incorrect and the Planning Department are well aware of this.</p> <p>This application must be rejected by the Planning Department because of the incorrect information contained within it.</p> <p>A new application must be submitted by the Applicant and this time; correctly completed.</p> <p>I have no objection to the pruning of the trees named in the application.</p> <p>I object most strongly that any healthy trees be destroyed. They are vital to our Planet and give oxygen and life.</p> <p>Moreover, they are home to a number of species of birds, including Owls and Bats. In addition, a number of other animals live and rely on these trees for food and shelter. As such, they should be left as they are.</p> <p>Has the Applicant carried out any due diligence on the trees that they want to destory?</p>
