4. Description of Proposed Works

Please describe details of the proposed development or works including details of proposals to alter, extend or demolish the listed building(s):

The work to this property is required to repair the internal building fabric damaged by previous works to the fire alarm system which has been poorly installed and is inconsiderate to the decoration and the character of this listed building. A new fire alarm system is to be installed which is sympathetic to the aesthetics of the property. The extent of material replacements will be kept to a minimum to maintain as much of the original historic fabric as possible.

Has the development or work already been started without consent? ☒ Yes ☐ No

If Yes, please state when the development or work was started (date must be pre-application submission)	<input type="text" value="07/01/2019"/>

Has the development or work already been completed without consent? ☐ Yes ☒ No

5. Listed Building Grading

What is the grading of the listed building (as stated in the list of Buildings of Special Architectural or Historical Interest)?

- ☐ Don't know
- ☐ Grade I
- ☐ Grade II*
- ☒ Grade II

Is it an ecclesiastical building? ☐ Don't know ☐ Yes ☒ No

6. Demolition of Listed Building

Does the proposal include the partial or total demolition of a listed building? ☐ Yes ☒ No

7. Related Proposals

Are there any current applications, previous proposals or demolitions for the site? ☐ Yes ☒ No

8. Immunity from Listing

Has a Certificate of Immunity from Listing been sought in respect of this building? ☐ Yes ☒ No

9. Listed Building Alterations

Do the proposed works include alterations to a listed building? ☒ Yes ☐ No

If Yes, do the proposed works include

- a) works to the interior of the building? ☒ Yes ☐ No
- b) works to the exterior of the building? ☐ Yes ☒ No
- c) works to any structure or object fixed to the property (or buildings within its curtilage) internally or externally? ☐ Yes ☒ No
- d) stripping out of any internal wall, ceiling or floor finishes (e.g. plaster, floorboards)? ☒ Yes ☐ No

If the answer to any of these questions is Yes, please provide plans, drawings and photographs sufficient to identify the location, extent and character of the items to be removed. Also include the proposal for their replacement, including any new means of structural support, and state references for the plan(s)/drawing(s).

Where damage has been caused to features such as timber dado rails and skirting then repairs will be sympathetic to the original material and design of these features. The timber used will be a correct match in terms of species, visible grain characteristics, quality and colour as well as being suitably finished for its location.

Where damage has been caused to plaster or wall finishes these will be sympathetically repaired using suitable materials for the buildings construction, for example lime based plaster will most likely be required.

Where surface mounted trunking is to be fitted it will be of a decorative design in order to compliment existing coving, dado rails and other decorative features within the communal areas. It will be fitted in a way which helps it blend in with these features, for example fitted along the tops of dado rails and to the inner corners of reveals to arch ways and the like.

10. Materials

Does the proposed development require any materials to be used? ☒ Yes ☐ No

Please provide a description of existing and proposed materials and finishes to be used (including type, colour and name for each material) demolition excluded

Please add materials by using the dropdown, clicking 'Add' and filling in all the fields in the popup box.

To correct existing entries, use the 'Edit' link to open the popup box and ensure that all fields are completed.

Internal Walls	
Please provide a description of existing materials and finishes:	Finished brickwork.

10. Materials

Internal Walls

Please provide a description of proposed materials and finishes:

Where surface mounted trunking is to be fitted it will be a decorative design in order to compliment existing coving, dado rails and other decorative features within the communal areas. It will be fitted in a way which helps it blend in with these features, for example fitted along the tops of dado rails and to the inner corners of reveals to arch ways and the like.

Areas of walls which have been tracked out to make way for switch plates and the like will need to be sympathetically restored using plaster which matches the original material.

Other type of material (e.g. guttering) Decorative timber features.

Please provide a description of existing materials and finishes:

Existing decorative timber features such as dado rails and skirting are considered historically significant.

Please provide a description of proposed materials and finishes:

Where damage has been caused to features such as timber dado rails and skirting then repairs will be sympathetic to the original material and design of these features. The timber used will be a correct match in terms of species, visible grain characteristics, quality and colour as well as being suitably finished for its location.
