Dear Nathaniel Young,

I should like to voice my objection to the proposed works planned for number [REDACTED]. The residents of this street have had to endure months of disruption, noise, dust and mud from two excavations in the last year, to say nothing of the suspended parking bays, dumped rubbish, and heavy lorries involved in the indulgent and selfish desire for more and more space at the expense of those who have to stay in situ whilst the owners of the properties in question are elsewhere .

I tried to contact Camden Planning early on but found accessing the site impossible.
