2020/0077/P	[REDACTED]	20/02/2020 19:13:08	SUPPRT	<p>I support this application for a nursery. The one existing nursery in the area is poorly managed, with a heavy staff turnover.</p> <p>I believe that a new vibrant nursery with high standards of care is really needed in this locality - one that has a commitment to the development and pastoral care for children as well as those employed to care for them. I believe that a nursery on such a scale offers scope to do that. The abundance of immediately local (currently underused) open space makes this an ideal location for a nursery and the element of competition can only be good for raising standards of provision in the sector locally.</p>
