The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Reason for granting listed building consent:

19 Lincoln's Inn Fields forms part of a Grade II listed terrace of houses by Philip Webb, dating from 1836 and situated in the Bloomsbury Conservation Area. The building directly adjoins an imposing six storey inter-war stone building, which is unlisted but makes a positive contribution to the conservation area. The buildings previously had a door connecting the two and this application seeks to reinstate that opening. The works would involve removing unsightly blockwork and would not harm historic fabric or the legibility of the original floorplan of the listed building.

The proposed works will not harm the special interest of the grade-II-listed building.

Consultation was not necessary for this application as the works are internal and relate to a Grade II listed building. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

No. 020 7974 4444 or search for 'environmental health' on the Camden website or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
