Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)

Full Planning Permission Granted

Address:
57 Gray's Inn Road
London
WC1X 8PP

Proposal: Alterations to shopfront including the replacement of display windows and transom lights.

Drawing Nos: 000-PL-PP-01, 000-PL-PP-02, 000-PL-PP-04, FRS-TD-EE-02 & FRS-TD-DT-14

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 3 The development hereby permitted shall be carried out in accordance with the following approved plans 000-PL-PP-01, 000-PL-PP-02, 000-PL-PP-04, FRS-TD-EE-02 & FRS-TD-DT-14

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission:

Following revisions in response to officers request, the proposal would no longer involve the replacement of the shopfront windows with folding doors. Instead, the new windows would remain fixed, however, the proposal would introduce new vertical glazing bars (mullions) to both the main display windows and transom lights above. This further subdivision would help the large windows visually relate the shopfront with the upper elevations of the building and is supported by the Council's shopfront design guidance. As such, the replacement of the display windows and transom lights above is considered acceptable.

The proposed shopfront alterations would involve no notable increase in bulk and mass. No new views would be afforded and no new entrances would be created. As such, it is not considered that there would be any detrimental impact to residential amenity beyond what has been established.

Repainting the existing shopfront and stucco fascia 'midnight blue' would not require planning permission and is excluded from the description of development. In any event it would not have any detrimental impact to the character and appearance of the shop or wider conservation area.

No objections were received following statutory consultation. The sites planning history and relevant appeal decisions were taken into account when coming to this decision. Special regard has been attached to the desirability of preserving or enhancing the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposal is in general accordance with Policies D1, D2 and A1 of the Camden Local Plan 2017. The proposed development also accords with the policies of the London Plan 2016 and the National Planning Policy Framework.
