2019/6141/P	C.Czarnocki & E.Bortolotti	01/03/2020 18:32:07	INT	In light of (1) the narrow nature of Belsize Lane (at rear of the property) and (2) the positioning of St Christopher's School immediately at the rear of the property, we would strongly urge that any infrastructure or operations related to the works (skips, deliveries, etc) be located or carried out on site / at Ornan Road. To do otherwise would be a considerable safety hazard to the School related pedestrian and vehicle traffic servicing the school. As it is, the School related vehicle traffic frequently blocks transit through Belsize Lane at drop off and pick up times throughout the day.
