2020/0625/P	Anne Vilgers	01/03/2020 21:29:58	OBJ	<p>Objection to demolition of existing house, which was built in the 1880 and retains many of it's wonderful and original features. Additionally, there is some suggestion that this was the verger's house and has elements of design that would suggest it's one of Edward Buckton Lamb's - who also designed St Martin's Church opposite, on Vicar's Road. Context of the road would suggest this humble house is of significant historical importance.</p>
2020/0625/P	Mr Patel	29/02/2020 18:18:08	OBJ	<p>This proposal will affect the listed church opposite (St Martins) which is a church of significant architecture and standing in the community. The dwelling to be demolished was probably designed by the same architect as the church. In addition the dwelling is directly linked to the church by being the former residence of the verger.</p> <p>The proposed design of the new dwellings are totally out of character with the local area, finishes proposed do not match the local type.</p>
