3rd December 2019.

Carbogno Ceneda Architects
48 Parkhill,
London, Nw3 2YP.

FAO Mr A. Carbogno

Dear Andrea,

Subject: NA 19920 Condenser Acoustic Enclosure.

Further to your notification of an additional condenser unit we confirm our revised quotation for the changes.

The acoustic screen will be manufactured from our NL 300/30 range of acoustic louvres and acoustic panels.

The overall external dimensions shall be nominally 4620mm wide x 2400mm deep x 2400mm high. This maintains clearance around the condenser units.

The screen will incorporate a single leaf access door for maintenance

The screen shall be self-finished in galvanised sheet steel. The enclosure can be painted in PPC to a standard RAL colour.

The acoustic screen shall be manufactured in modules such that the components can be carried to the roof.

The acoustic screen will be mounted onto primary support steelwork designed supplied and installed 'by-others'.

Acoustic performance of the acoustic louvre/panel screen:

Hz	63	125	250	500	1k	2k	4k	8k
300/30	6	7	10	13	20	24	18	16
Spec:	5	6	7	9	11	14	16	16

CONDITIONS OF SALE: See overleaf. This tender is conditional upon the comments and recommendations contained in the attached letter and design guidelines.

TERMS: 30 days from date of invoice on approved accounts.

PRICE VALIDITY: Tender prices are based on current price rates unless otherwise stated in the tender.

VAT: The above price does not include VAT, which will be charged at the rate ruling on the date of despatch.

ACCEPTANCE: This tender is open for acceptance for a period of 30 days from the above date unless otherwise stated in the tender and will be subject to the conditions of sale set out overleaf.

DELIVERY: The delivery period indicated commences from acceptance of order and/or approval of drawings and is subject to confirmation.

NendleAcoustics Company

Quotation:

1.0 Scope of works:

1.1 *Manufacture and supply an acoustic louvre screen to meet the noise mitigation requirements.*

Base Price: **£ 12,740.00 + vat.**

1.2 *Deliver to site.* **£ 760.00 + vat.**

1.3 *Assemble and install the acoustic louvre/panel screen.* **£ 1,911.00 + vat.**

2.0 Options

2.1 **Finish paint** in PPC to your nominated RAL colour. **£ TBA.**
