

Important Note
 Whilst due care and attention is taken to ensure all drawings, descriptions and details provided are accurate, it is the client's responsibility to check and verify all dimensions, details, levels and material specifications on site to ensure the accuracy of construction works. Should any discrepancies or errors occur, these should be reported to the architect immediately. The client should ensure that all drawings are used in accordance with the Building Control Act of 2016, and that all drawings are checked with the Building Control Officer before construction begins. The client shall be responsible for any and all costs incurred in respect of the current Building Regulations and Part C Control of Pollution.
