- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Reason for granting listed building consent:

10 Lyndhurst Gardens is a detached red and grey-blue brick house dating from c1886, Grade II listed and situated in the Fitzjohns and Netherhall Conservation Area. The application follows internal alterations approved under application refs 2019/5268/L and 2019/4657/P. It was originally the intention to keep the existing floor in the back room at upper ground floor level. Upon further investigation however, it was noted that the flooring was not intact as previously thought and had undergone a number of patchwork repairs, with the remaining floor worn, pitted and damaged beyond repair. The application therefore seeks to replace the flooring with a wooden floor in mansion weave in keeping with the age and character of the building.

The proposed works will not harm the special interest of the grade-II-listed building.

Consultation was not necessary for this application as it relates to internal works to a Grade II listed building. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
