Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address:
1 Pakenham Street
London
WC1X 0LA

Proposal: Installation of ductwork and plant internally to basement and ground floor and to terminate an extract duct on a rear flat roof at first floor level.

Drawing Nos: Site location plan, SUR01, SUR02, SUR03, P01, P02A, P03A, 05133-01-01.

The Council has considered your application and decided to grant Listed Building Consent subject to the following conditions:

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: Site location plan, SUR01, SUR02, SUR03, P01, P02A, P03A, 05133-01-01

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informatives:

- 1 Reasons for granting listed building consent:

Internally, in the basement, openings will be made to accommodate ductwork. The basement has already been much altered and is now of limited historic interest. A rising duct will be installed in an enclosure adjacent to the staircase. This will rise to the ground floor, where it will break through the roof of a single-storey rear extension. Externally, the impact will be limited to a curved "lobster-back" outlet which will be largely concealed behind a parapet and not visible from the public realm. This would not normally be desirable, within the curtilage of the listed building. However, it appears that a previous, larger installation of ductwork, associated with a projected restaurant use, has been removed. In the light of this pre-existing state of affairs, and as the ductwork has been removed, the proposal is considered acceptable. The proposed alterations would not harm the historic fabric of the building.

The site's planning history has been taken into account when making this decision. No objections have been received in relation to this application.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.
