Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Reasons for granting listed building consent (delegated):

The properties on Dombey Street are listed Grade II.

Numbers 9-15 - built as a terrace of 7 houses 1766-1773 in multi-coloured stock brick. Nos 13, 14 and 15 with stucco ground floor with band above. The terrace is 4 storeys plus basement, each property being two bays wide except No 13 which has an additional window over the entrance to Harpur Mews.

In order to comply with current building regulations a fire detection and alarm system was previously installed in the Dombey Street properties. Unfortunately this work was undertaken to a poor aesthetic standard and without listed building consent.

The previous system has been removed and a new system installed which is visually more aesthetic and better suited to the character of the listed building. Damage caused as a result of the initial installation is to be made good.

The site's planning history has been taken into account when making this decision

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.16 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policies D1 and D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the National Planning Policy Framework.
