### **Listed Building Consent Granted**

Address:  
**Stanfield House**  
**86 Hampstead High Street**  
**London**  
**NW3 1RE**

Proposal:

Fitting of balanced flue and condensate drain to lower ground floor rear elevation in connection with new boiler installation.

Drawing Nos: 669-LE01, 669-LE02, 669-001, 669-00E2, 669-L01, 669-00E1.

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: 669-LE01, 669-LE02, 669-001, 669-00E2, 669-L01,

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 Reason for granting listed building consent: Stanfield House forms one half of a pair of Grade II\* listed semi-detached brown brick houses with red brick dressings, dating from 1730 and situated in the Hampstead Conservation Area. The application seeks to install a balanced flue and condensate drain to the rear of the property at lower ground floor level. The pipework will connect to the existing pipework through exposed joists, minimizing harm to historic fabric. The proposed works will not be visible and are the least harmful way of replacing the expired boiler without carrying out structural works to a boiler rising 4 storeys and requiring access panels.

The proposed works will not harm the special interest of the grade-II\*-listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses. Historic England responded to the consultation, authorising the local authority to determine the application as we see fit. The letter has been ratified by the NPCU. The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
