Dear Sir or Madam

CHRIST APOSTOLIC CHURCH, HIGHGATE ROAD, LONDON

On behalf of our client Christ Apostolic Church UK Trust, we hereby submit a Listed Building Consent application for:

"Repair of stained-glass and stone surrounds to 2 no. windows on the south wall of the nave."

The online application comprises the following documents: -

1. Completed Application Form
2. This covering letter
3. Site Location Plan @ 1:1250 & Site plan @ 1:500
4. Plan of principal windows
5. Design and Access Statement
6. Heritage Statement
7. Ark Stained Glass Condition Report on CACUK Feb 2020

Background to Application

The repair of two stained glass windows to the south nave wall of the church is part of a programme of survey and repair of the historic windows to the church. The two windows included in the application were previously damaged. Whilst it was intended to repair the windows in situ, on closer examination it was found that both windows were in an advanced state of deterioration and structurally unsound. For this reason, the window

panels have been removed for safety and protection of the glass by Ark Stained Glass and are maintained in a safe condition within their premises. The application details the condition of the stained glass and the intended extent and method of repair along with proposals for improving the structural support of the glass.
