2020/0050/P	christian levan	09/03/2020 10:19:09	SUPPRT	I am writing in support of this application. As a longstanding resident of the area there are multiple extensions/conversions to many of the properties in these streets. Many are bland. This proposal is a modern addition which fits nicely in proportion with the main building and entire terrace
2020/0050/P	Reyer Kooy	10/03/2020 21:39:04	SUPPRT	<p>We note the proposed addition to 6 Holmdale Road.</p> <ul style="list-style-type: none"> - It is good to see the upgrading of properties in the area particularly with a view to creating proper family homes - which is important for the housing stock. - The plan is a sympathetic addition with a logical and well designed form. - The existing layout seems incompatible with modern needs, so good to see an expansion of three bedroom flats designed for family living (too many local buildings being split into multiple one bed flats) - An attractive feature of the addition is that it blends into the existing outdoor terrace <p>In summary - I am pleased to support this thoughtful, modern addition which sits in harmony with main building and adds some architectural interest to the terrace.</p>
