**Subject:** Re: Overgrown Leylandii tree cut down

Hi Rav,

It was great to talk to you just now and further to our conversation, please see attached photographs of the trees I am seeking your advise for.

Could you please review and confirm whether these are subjects to TPO.

I seeking approval for cutting down tree marked 1 on the pictures and just to cut back tree 2 and 3. I also attached the plan indicating where the trees are located in the context of other properties and streets.

I look forward to hearing from you.

Kind regards  
Lana
