Please can you write any comments below in the comment box and return in the envelope provided.

GIVEN THERE ARE CURRENTLY TWO MAJOR CONSTRUCTION PROJECTS IN STEPHENSON WAY, ADDING A THIRD WILL BRING THE AREA TO A STANDSTILL, IMPACTING ON DELIVERIES AND VISITORS TO BOTH OUR ORGANISATION AND OTHERS IN THE STREET.  
IN PARTICULAR, THE HS2 PROJECT IS LARGE ENOUGH IN SCALE TO CAUSE SEVERE CONFLICT WITH YOUR OWN CONTRACTORS.

TBA Group would like more clarity on what is involved, we would like to have an urgent meeting to discuss this.  
we are deeply concerned, with H52 this would be hugely disruptive and concerned about the working hours.

Your proposed scheme abuts directly onto Residential Areas.  
8am - 1pm Saturday planned works, invariably will cause disruptions to restful weekends for Residents.  
Some of us work until quite late in the week and the weekends proposed start time being the same as that on weekdays will be very stressful, leaving only Sunday mornings for a restful "Lie-in".

We run a viewing facility and hire out our meeting rooms for the purposes of market research. These sessions are often recorded and so we are concerned about the increased level of noise. We want to reduce the impact this will have on our clients.

We would appreciate it if you were able to give us notice of any days where the work may be particularly noisy so we can plan around it and try to limit the disruption.
