2020/0455/P	Peter Croft	18/03/2020 16:11:58	OBJ	<p>I would like to object to this application, which I believe would establish an unfortunate precedent for Fawley Road.</p> <p>The applicant says that the visual impact of the changes would be negligible, as the the lightwells would be in a "private and secluded front garden". That of course depends on the seclusion being maintained in future, and I don't believe there is any guarantee of that. Indeed I consider the existing screening achieved by the fence in addition to the hedge to be quite out of keeping with the rest of the road, and I think future owners may agree with that judgment and reduce or remove it, leaving the lightwells visible.</p>
