1. We need all the trees we can get here, especially on the Camden Rd which is SO polluted, OBJECTION

**CAAC/Local groups\* comments:**

\*Please Specify

None

## Assessment

This is small multi-stemmed self-set tree or sucker from the adjacent Ailanthus. It is growing in an unsustainable position and is not considered an appropriate candidate for protection with a TPO. The larger tree with which it shares the frontage provides a high level of visual amenity, it is considered that the removal of the smaller tree will not significantly impact on the character of the area.
