

- 
- The graph shows the variation of magnetic field  $B$  (in Tesla) with distance  $x$  (in meters). The x-axis ranges from 0 to 5 m, and the y-axis ranges from 0 to 10 T. The magnetic field is 0 T from  $x = 0$  to  $x = 1$  m, then increases linearly to 10 T at  $x = 5$  m.
