2020/1020/T		23/03/2020 12:59:33	NOBJ	<p>My mother lives at Mall Studios and on her behalf (I have POA) we would like to support the felling of the Lime tree as it uses a potential risk to her home, as well as to the boundary/retaining wall. It is only three metres away, and leans towards her house. The roots on one side of the boundary wall are well above those on my side of the wall, making the tree potentially unstable. When the leaves are out, the tree trunk sways in the wind.</p>
