Subject: Attention Patrick Marfleet

Re : Planning Application Réf 2020/0989/P - Hill View Apartments  
Primrose Hill Road , London NW3 3AX

OBJECTION

Dear Mr Marfleet

I am writing to OBJECT to the proposal submitted by Walton Telecom on behalf of Vodafone and Telefonica where the application seeks to install roof-based telecommunications equipment on top of the Hillview apartment block NW3 3AX

I live at no 25 Hillview on the 8th floor . I have therefore the penthouse at the above property. I have lived in my apartment for more than 35 years. I occupy the East and North apartments as my living accommodation. The Western side is my terrace.

If the installation by Walden Telecom and the above telecommunication companies was installed I would see all the equipment they wish to install from my terrace. Therefore a very unpleasant and objectionable visual intrusion to my private terrace.

I also have 1 dome on each of the previously said apartments and the equipment would be seen through these which I again would object to. I am also concerned with the possible vibration or other which would be exactly above the living areas of my apartment .

I therefore under No Circumstances am in favour of the potential installation and wish to lodge my Formal Objection.

Kind regards

Mrs Denise Shenton

Sent from my iPad

Best regards
