Maintenance of the Facade is a a essential step in retaining some continuity with the past. However, there is no no environmental assessment included within this application. It is therefore hard to judge the impact on one of the busiest thoroughfares in Camden. Can this please be addressed and the mitigation shown in coping with traffic disruption and maintaining bus schedules. Can the developer include some enhancements to the nearby landscape. for example, erecting a plaque to commemorate the history of marine ices on the front of the premises, adding a planter outside the premises to increase the greenery, other small steps to enhance the general area after the completion of the build.</p>
