Dear Patrick – we would like to formally log our very strong objection against the development in Goldhurst Terrace. We are residents at a beautiful period property Smyrna Mansions, [REDACTED] and it would have a detrimental impact on our property and quality of life due to the unsightly build.

Key reasons listed below:

1. PRIVACY | There will be new windows overlooking our mansion flat
2. OVERBEARING/OVERSHADOWING | Our beautiful period property will be over-shadowed by a new build without character, almost 2 storeys higher
3. LOSS OF VIEW & SENSE OF SPACE | Our outlook will be impacted as new façade has no architecture interest and will impact our sense of space in an already very congested space in London
4. IMPACT DURING BUILD | This is a substantial build and expect pollution hazards quality of air/noise for a significant period of time impacting our ability to reside

Apologies for our delay in submission, we are part of the NW6 Residents Group, and because we were in Sweden we were unable to access the webpage to study the application online. We were completely shocked when we got to see the plans and hence strongly object.

Please contact us as needed to discuss further or go into more details.

With Regards,
