Dear Mr Sild

Re: 65 Camden Square NW1 9XD
Application No: 2019/5408/P

We are writing to you direct to comment and object to this application as the website was not working last Friday and we have just been able to see the plans.

Although this application removes some of the objections to the last application for this property (Application No: 2019/2837/P) which was quite rightly refused, we still object on the grounds that the demolition of a perfectly good existing building will cause unnecessary pollution, noise and disruption and is a waste of energy.

We very much hope that this application will again be refused.

Yours sincerely
