

### 13 SHORTS GARDENS, LONDON WC2

PROJECT REFERENCE: 24503

PHOTOGRAPHIC SCHEDULE OF EXISTING VENTS AND WORKS AFFECTING THEM

Bricks and debris covered over in plaster (instated by others previously) which were blocking the vents internally have been removed and the cavity cleaned out. Ducts for new ventilation systems run up to the face of the vent cavity and cover plates provided to seal of the terminal.

Close up view of one of the existing vents which remain unchanged externally.

3no. existing vents at first floor.  
No works have been or will be undertaken to or around the vents externally.
