4. Description of Proposed Works

Please describe the proposed works:

We are proposing a first floor extension above an existing single story section of the property to the rear to match the existing footprint.

In preparing this application, we have consulted with the CAF design guide and our proposals are based on the guide recommendations.

The proposed extension does not adversely affect properties to either side with the semi-detached proximity. There are also no overlooking issues due to the communal gardens either side.

Similar additions to buildings of the same type and nature on the same estate have been completed over the past few years.

The proposed design matches both scale and materials of the existing building. All changes do not affect the overall look and feel of the building and will compliment the existing design.

Has the work already been started without consent?
