Further to the attached 'Design Statement - Casement Doors Front Lightwell' (originally submitted 26/3/2019) the Planning Officer confirmed by email "Catherine and I reviewed the options that you have submitted as part of document (Proposed casement doors to front lightwell) dated March 2019 and we believe that option 1 would provide the better solution. As the fan light windows are probably the only section of the doors that would be visible from street level it would be better if they were similar in terms of the glazing bar details as the windows above at ground and first floor level"
