Dear Sir/Madam

DECISION

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: For the avoidance of doubt and in the interest of proper planning.

Informative(s):

- 1 Reasons for granting permission.

The proposed replacement windows would reflect the building's historic design, and would be appropriate in respect of detailing, finish and materials. The development would also be sympathetic to No 16 opposite, which is identical to the host building. As such, the proposed development would serve to preserve the character and appearance of the Denmark Street Conservation Area.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the conservation area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

Due to the nature of the development, there would be no adverse impact on residential amenity.

No objections were received prior to making this decision. A letter of support was received from the Covent Garden Community Association. The site's planning history and relevant appeal decisions were taken into account when coming to this decision.

As such, the proposed development is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017. The proposal also accords with the London Plan 2016 and the National Planning Policy Framework 2019.
