Dear Sirs

**Application for works to tree covered by a TPO, ref 2020/1610/T**

I write to object in the strongest possible terms to the felling of this wonderful tree. I believe the application has been made by an insurance company following a small subsidence claim made by number 9. The owner of number 9 does not wish to see the tree felled and has confirmed that the subsidence was minor and caused by inadequate foundations to a small old rear extension, and not caused by the tree.

In fact, due to the great age of the tree, it's my belief that its removal would case us all a problem with heave should it be removed.

It seems extraordinary that an application can be made by a commercial firm against the wishes of the tree owner or their neighbours. I there hope you will allow this tree to be preserved.

Yours faithfully

Richard Rose
