Dear Madame

As a follow up to the below I understand that a decision has not been made yet.

I wanted to reiterate my concerns and attach photograph of the cracks in my property which I mentioned below.

Dear Madame

Re: Planning Application 2018/3049/P.5 Oval Road (Basement Application) Conservation Area

I write to lodge a concern regarding the above planning application. The building of the basement will require the removal of the large sycamore tree on the boundary line between No 5 and No7.

My concern is that the removal of the tree will cause subsidence to No. 7 of which I am a leaseholder [REDACTED]

The work that has already been done at No5 has I believe already caused some damage - I have already had to have a crack in my kitchen repaired and have had to adjust the back door to my property as it would no longer close.

As you can imagine I am therefore not happy about the prospect of any further damage.

Moreover as this is part of the Primrose Hill conversation area I would ask if they have been consulted on this application?

Sincerely
