Sub: Application for works to tree covered by a TPO, ref 2020/1610/T

20 April 2020

Dear Sirs

I write as I am totally against the proposed work in your letter of the 8th of April.

This wonderful tree is in our garden in number 10.

The owner of number 9, who made a claim to his insurance, does not wish to see the tree felled and has confirmed that the subsidence was minor and caused by inadequate foundations to a small old rear extension, and not caused by the tree.

Moreover, the removal of this tree, due to its great age, would cause to all the terrace a problem with roots to be removed and would cause land movements.

It is really not usual that an application can be made by a commercial firm against the wishes of the tree owner (that is registered at the council) or their neighbours.

I therefore hope you will allow this tree to be preserved.

Yours faithfully
