Camden.

Dear Sir or Madam,

Thank you for your letter rec'd today regarding cutting down the ash tree at 44, Prince of Wales Road (1A Perren St)

I am terribly upset by this. The new owners of 1A Perren St have only lived there for a few weeks and are now planning to cut the 100 year old plus tree down and will probably build on the site (garden)

The previous owner bought 42 and 44 then sold the property but kept the gardens. He tried to buy mine but

I refused.

We need our trees to help keep our air breathable on this main road.

Please do not let this go ahead

1A Ferrer St was originally a factory then a warehouse and has been greatly extended. These people are quite ruthless and unsympathetic to the residents living nearby.

I ask you to consider this very carefully please. Yours Truly

Doreen Bartlett - a
long time resident [REDACTED]
