Subject: Ash tree to rest of 26 Daleham Gardens NW3

Good evening Tom.

I understand from my neighbour that there is an application once again to Fell this beautiful tree. I understand that fungus is present although I cannot see any. I would love to support that the tree be retained in all its glory as it is a tremendous asset to Daleham Mews in that it's canopy when in leaf looks absolutely stunning.

Too many of these beautiful trees are being felled in the local area to accommodate additional buildings in peoples gardens and whilst I am not aware of an application to do anything at number 26, I have no doubt something may follow if the tree is taken down. When you buy a property with such a beautiful tree in the garden you inherit the responsibility to look after it which is often expensive and may be inconvenient, but essential.

Kind regards

Simon legg
