jurysinns.com

Dear Sirs/Madam,

We are writing in relation to the Jurys Inn Hotel planned facade maintenance works which are due to take place from Monday 30th March 2020 for approximately up to 12 weeks on site.

We are writing to communicate to you that we are fully considering the impact of the works on our guests and neighbours and in order to reduce the disruption and mitigate any risks we have employed a Contractor HSRoofClad/ Heightsafe Systems Ltd who will fully comply with a Construction Management Plan (CMP) which is available to view at the Hotel reception.

With reference to the CMP, the works are minor in relation to impact on surrounding properties as the works will be completed to the outside of the building working off protected scaffolding however should you have any comments on the CMP or any logistical issues please would you leave your contact details at the reception of the Hotel with brief details of the comments and we will contact you in order to discuss and agree any issues which may be relevant.

We invite comments and input over the next days and would appreciate comments back by Friday 6th March 2020

Should you have any queries relating to the CMP or ongoing works the site manager Mr Karl Sands will be available by phone on 07900900652 or by email at karl.sands@HSRoofClad.com.

In Karl's absence, please contact his colleague Phil Medford 02030026865 who will be available to answer any queries that you may have.

Heightsafe Systems Ltd is an active member of the Considerate Constructors Scheme and full details of the Scheme are posted near to our site entrance for your information.

Yours faithfully

Alan Taylor
Group Project Manager (Jurys Inn Hotels)
