CDM/H&S:

The works illustrated on this drawing have been reviewed against the Designers CDM Risk Register, document reference KXC-P2-001-ALD816-L-91-005, significant risks are noted as:

- Construction:
- Mechanical lifting of heavy materials onto terraces
 - Working adjacent building facades on narrow ledges / terraces
 - Working above public realm and highways
 - Loading over confined corners with strict loading parameters
 - On site cutting of this detail into natural stone pavers

- Maintenance:
- Working above public realm and highways and below others.
 - Cultivation over waterproofing layers and buried services
 - Risk of working at height in strong winds

- Demolition:
- Risk of void formers breaking down with disturbance
