Dear Margaret

Thank you for your email. I am very well thank you and I hope you are well also. So the new proposal was considered at the last DAC meeting on Tuesday and the committee agreed to recommend the proposal and ratified their endorsement of the scheme. I will get the formal letter across to you as soon as possible, it is standard practice for us to wait for the minutes of the meeting to be agreed however before offering the formal advice.

I will confer with Kevin on this and if I can get the letter across to you sooner I certainly will do.

Kind Regards

Zoe Shaw.

Hello Zoe,

I hope that you are safe and well?

I wonder if there is any chance you could let me know the outcome of the DAC's consideration of the proposal to install 2no. rows on solar panels on the south pitch of the nave roof at St. Mary the Virgin, Primrose Hill?

Leonard is submitting the revised application for planning Permission to the Planning Officer, Kate Henry, at the London Borough of Camden today. It would be extremely helpful to be able to include a positive endorsement from the DAC.

Failing this, might you be able to let me have a copy of the DAC's supportive response to the 23018 submission?

In hope and with very best wishes,

Margaret
