2020/1698/P	Dr Vicki Harding	28/04/2020 09:35:12	COMMNT	<p>There has been some error in the documents up-loaded for this application. The Construction Method Statement appears to be a draft version with missing references and without all its Appendices - including the entire Basement Impact Assessment apparently. The Design and Access Statement, most of the plans (one of the only three uploaded is wrongly labelled as elevations when it is a plan), Construction Management Plan, Arboricultural survey, plan and constraints documents and SUDS strategy are missing along with, no doubt plenty of others.</p> <p>Please could the 'Comments until' date be extended so that this is calculated from when all the documents have been uploaded and made available.</p> <p>Thank you</p>
