Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Granted

Address:
40 Delancey Street
London
NW1 7RY

Proposal:
Fire Safety Improvements to comply with HIMO Notice
Drawing Nos: Site plan, planning statement, C198.1D3 (00) (exist), design and access statement, C198.1 D4 (01) (propo)

The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Conditions And Reasons:

- 1 The works hereby permitted shall be begun not later than the end of three years from the date of this consent.

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Site plan, planning statement, C198.1D3 (00) (exist), design and access statement, C198.1 D4 (01) (propo)

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is a mid-19th-century terraced house, now flats above a shop, that is listed at grade II.

The proposal relates to internal fire safety upgrade works.

A reference to a lath-and-plaster ceiling above the shop, to be removed, was found on site to be incorrect, the ceiling being modern, so the removal of this ceiling is acceptable. Following discussion, it was found that an initial requirement to insert fire lobbies in the flats to protect the stairs could be replaced by reinstating previously removed internal doors and reinstating a blocked-up doorway from the stairs to the first-floor bedroom. The remainder of the proposal is acceptable.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the grade-II-listed building.

The site's planning history has been taken into account in making this decision.

Special attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2016 and the NPPF.
